## **Governor's Newsletter 4.2**

*19th April 2005*

*Dear Zontians of our beautiful District 28,*

*the period of presidents meetings has started. Thus you will all have the possibility to have all your questions answered.*

*However I have the impression some material is missing or cannot be found in your files.*

*I therefore enclose herewith:*

*District 28 Mini Directory 2004 – 2006 sent to you in autumn 2004  
half yearly Service Newsletter ZI Status of Women Chairmen  
Basic Structure of Zonta International  
Who is Who in our Zonta World – Int. Officers and District Structure  
Zonta International Communication Lines  
Officers Report Form due May first  
Club Annual Report Form*

*The Annual Report is also due May first and I must ask the Areadirectors to provide me with the local and international service donations by May 15<sup>th</sup>. So please give your Areadirectors the necessary information.*

*When establishing your new club year budget do think of the next Convention in Melbourne. This will be costly for delegates – but the following is in Rotterdam! That is a long journey for the Australian Zontians.*

*Our District Tsunami donations are up to this date: total transfer : € 8.000  
€ 4.000 to each club, ZC Colombe 1 and 2. Both transfers were confirmed. I am waiting for your next donations as areas have announced more. Since ZC.Bad Nauheim-Friedberg has transferred to the District Account € 6.000 and wishes to support the project ZC Colombo 1. = then District total transfer: € 14.000*

*Just to clarify:*

*The District Treasurer will only transfer to the two Zontoclubs in Colombo with reference to my proposal to you in January and February. If a club wishes to support other organisations – please do so. My proposal was the direct line to our Zontoclubs as there are no administration fees whatsoever and we can be sure Women are supported as to our Mission.*

*The help for the Tsunami disaster should continue as the devastation cannot be solved in a short time.*

---

**Zonta International - Advancing the Status of Women Worldwide**
